## PUBLIC SERVICE BUNK

The Tooth Extracting and Smoke Consuming Department in the City Hall Makes People Laugh.

Why doesn't the alleged city department of Public Service get after the fraudulent weighing machines, with which the city is infested?

Can you guess why it doesn't? There are 102,641 of these machines scattered all over the city on city sidewalks.

It is safe to say that 100,000 of them are out of order most of the time.

They yield an immense revenue, as each patron is obliged to give up one cent for the privilege of finding out how much he does not weigh.

Another fraud on the public is the counterfeit gum vending cent-in-the-slot machine, which in the majority of cases, takes the cent but yields no gum.

Why is it that the City Department of Public Service permits these frauds to exist?

Mayor Thompson should be given a chance to fire a lot of deadwood among the city hall clerks. Some of them thinking themselves safe under the civil service law, are impudent, insubordinate and useless.

C. A. Bickett, the well known and highly respected president of the Bickett Coal and Coke Company, although still a young man, has led a very active life and has been a potent figure in the business world for many years. Whether as president of the Chicago Bearing Metal Company, the Bickett Coal and Coke Company, or as a director of the Fort Dearborn National Bank, he has won the high regard of the business public.
